Vapolution Vaporizer Vapormonials

Skunk Magazine calls us "The Honda Accord of Vaporizers" and goes on to say, "Vapolution produces an affordable vaporizer that extracts and delivers herbal resin as effectively as the coveted Volcano or the more expensive herbalAire."

High Times reviewed the *Vapolution Vaporizer* and gave it the best possible grade. The report card reads, "A" for functionality.

Activist Eddy Lepp says, "I love the *Vapolution!* It's a great value."

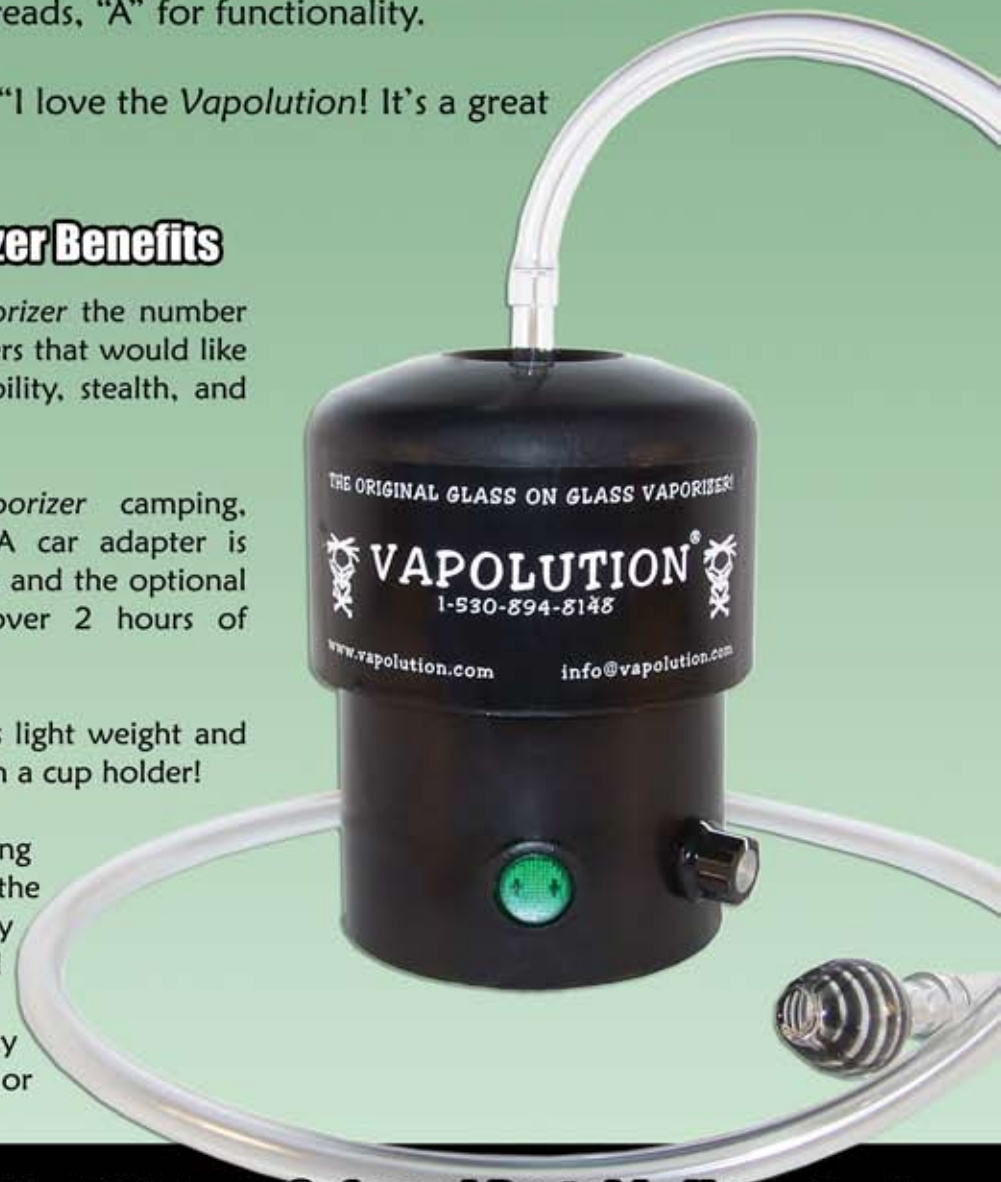

Vapolution Vaporizer Benefits

Why is the *Vapolution Vaporizer* the number one choice of Volcano owners that would like a second vaporizer? Portability, stealth, and ease of use.

Take the *Vapolution Vaporizer* camping, RV'ing, or even hiking. A car adapter is included with every package and the optional battery pack allows for over 2 hours of continuous use.

Our silent, no bag system, is light weight and discreet. The vaporizer fits in a cup holder!

No grinding, stirring or waiting are a few unique features of the *Vapolution Vaporizer*. Simply break off a piece of herb and enjoy instant vapor. Leave the low power unit on all day without fear of over heating or heater element burn out.
